**Spring 2019**

**Welcome to the spring edition of  
our local branch newsletter**

# Goodbye and Hello

## Signing Off

After I retired, I carried on doing occasional freelance work but eventually MND made this no longer feasible.

Initially I had resisted becoming involved with anything MND related. This was not because I was in denial but because I didn't want MND to define me. However, eventually I succumbed and was introduced to June, one of the AVs (Association Volunteers). June encouraged me to join the local branch committee but I wanted to do more and took up the opportunity to edit the branch newsletter.

Christine Hull

Editor up until 2019

Now, unfortunately, MND once again makes this no longer feasible and, reluctantly, I have decided to 'sign off'.

Through my involvement with the branch, we have enjoyed many opportunities to raise awareness, become involved in a wide variety of events and met some wonderful people.

Thank you to everyone who has sent me items for the newsletters. Some have been regular contributors and others only occasionally. Without fail, whenever I have asked, I have had a positive response.

I look forward to receiving the next edition and hope Margaret, who is taking over, gets as much satisfaction as I did from my role as branch newsletter editor.

Chris

Chris has been a very successful Editor of our quarterly newsletter. She is an avid reader of books with a love for the written word.

To help with this work, it is essential that colleagues, friends and fundraisers send in articles of interest (with photographs always a welcome addition) at the appropriate time. Chris was an expert at requesting and cajoling friends and colleagues to write short articles of interest. This has often been time consuming and sometimes challenging.

For all your hard work over the past 7 years, Chris, a very big THANK YOU.

Annette (AV)

## Signing On

With apologies for the delayed spring edition of the newsletter (hopefully the teething troubles are behind us!) I should like to introduce myself. My name is Margaret Waller and I was diagnosed early last year with Primary Lateral Sclerosis.

Christine, who has acted as editor for several years, has handed the baton to me and I hope that I can continue in her excellent tradition.

I am sure that we all want to thank Chris for her work for MNDA, not least her part in setting up the monthly lunches at Wyevale Garden Centre.

Of course, any newsletter is only as good as its news, so please let me know about anything which you think might interest our readers. My email address is:-

margaretmwaller@hotmail.co.uk

and my mobile number is 07460670655

Thank you in advance for your support and, again, many thanks to Chris

# RECENT EVENTS

## Christmas Party Buffet Lunch 2018

On Sunday, December 9th, 42 people attended our Christmas celebration. The numbers were down on last year but the event was enjoyed by everyone. Carol and Helen organised a wonderful buffet lunch and were thanked with a small gift. Paul, who made an amazing Christmas cake, was also thanked with a token gift.

ChrisHull, our amazing newsletter editor, is no longer able to carry on with the task. Chris will be a very hard act to follow but the usual quarterly newsletter will be issued. Chris was presented with a Christmas floral display basket a few days earlier at the drop-in and thanked for all her work in producing a very informative and interesting newsletter.

Due to many different reasons, we had no formal entertainment but Helen had organised a quiz which always goes down well and gets people talking. We also had impromptu carol singing with the help of Audrey and Kelvin, aged 5, singing Rudolph the Red-nosed Reindeer.

Jackie and Dave ran our Christmas raffle raising £146.00 for our funds and Rob was the barman. A great afternoon was had by all.

We have no open meeting in February and the next meeting, apart from the monthly drop-ins, will be Northants branch AGM

## **Kettering and District Rambling Club**

On Friday 1st March, I attended the Annual General Meeting of The Kettering and District Rambling Club to pick up a donation. The meeting was held in St Andrew's Church Hall and I was asked to arrive by 7:15 to enable me to meet the committee.

The business meeting was very ordered and interesting. The club was formed over eighty years ago and has in excess of one hundred and fifty active members so it was very pleasing to see approximately sixty members at the meeting.

Each year the club members nominate two charities to be the recipients of donations for the following year and accordingly MND were nominated in March 2018. I also understand that MND were nominated by the Rev. Roger Knight whose wife died from MND. I sat next to Rev. Knight and had an interesting chat about how he coped with the loss of his wife and their journey following her diagnosis.

It was now my turn to be presented with the cheque for £366. After the customary photograph I was asked to say a few words about the work of the branch and how we spend the funds locally.

Afterwards, over coffee and cake, I chatted to members about the work of the branch and the wider picture. A very enjoyable evening!

## **Welcome on Board Day**

On 12th February, I was invited to talk at the most recent Welcome on Board Day which is an information and training day for new staff and volunteers at MNDA.

I was asked to describe my journey towards a diagnosis of MND, how my life has been affected by it and how the MNDA had helped me.

It is always difficult to give a personal account, but I hope I was clear that I was only giving my experiences and not talking on behalf of everyone. I am sure each of us has a different story but I hope I managed to give some idea of the challenges of MND even though I know that I am not as far along the journey as many other people.

One thing I felt we could agree on is that MNDA is an excellent association. I had a previous (incorrect) diagnosis of Dystonia and during that year I felt very unsupported but I now feel that if I have a question or problem then there will be someone I can approach for help and advice. Thank you MNDA
